

THE ENNEAGRAM Journey

The nine-pointed Enneagram and symbol represents nine distinct strategies for relating to the self, others and the world. Each Enneagram type has a different pattern of being that comes from an inner motivation and life experience.

The Enneagram is a tool for self-understanding and spiritual growth that fosters greater understanding and appreciation of who we are as people, and how we meet life's challenges and opportunities. Its origin and its contemporary use is to enrich the spiritual and personal aspects of who we are.

In My Own Words...

My Intro to the Enneagram was in 1981 in Winnipeg. A sense of idealism, passion and enthusiasm stirred in me as I began to seriously explore the enneagram. (clue to my type!) I had always known that I was created in the image of God, that there was a divine Essence with us/me. I felt that wisdom of the Enneagram could help. I became a certified teacher in 4 different schools of thought that took me to the USA and the UK. Later teaching Enneagram in France, Taiwan, UK and the United States as well as in Canada. I also co-authored, BIBLICAL CHARACTERS AND THE ENNEAGRAM: IMAGES OF TRANSFORMATION with Dianne Tolomeo and Remi de Roo.

(Those of you who have already studied the Enneagram before might enjoy revisiting it and for those of you who have questions and dreams about it... Welcome also. I hope to have the pleasure of meeting you in February.)
